ACCESS SERVICE

Exception Statements**Preface**

The following exception statements correspond to LightBound's FCC #1 Check Sheet Access Tariff and identify FCC tariff pages where an exception exists for the purpose of clarifying those services offered in the Indiana Jurisdiction. Exceptions are given by section and describe those services or areas of the FCC No. 1 tariff that either do not apply to Indiana Jurisdiction or differ such that a statement explaining Indiana-specific regulations is required.

In some cases, entire FCC No. 1 pages will be replaced by an appropriate statement or page detailing the appropriate application of the service, administrative process, etc. in question to the Indiana Jurisdiction. Additionally, sections may include tariff exception pages applicable to Indiana Jurisdiction only.

When reference is made to a particular section's exceptions and a specific exception statement is not given, general exception statements of that section apply. General exception statements have been provided for the Preface.

General Tariff No. 1 Exceptions

1. Unless otherwise indicated read intra where inter is stated with the exception of Percent Interstate Use (PIU) where interstate should be read as interstate.
2. Service that is interstate only in nature does not apply to Indiana Jurisdiction.
